UI/UX PROJECTS

Fitable Mobile App — End-to-End UX/UI Case Study

AI-powered virtual clothing try-on and personalized styling platform

- Conducted user interviews and competitive analysis to identify user needs, online shopping challenges, and preferences for AI-powered styling.
- Designed user flows, information architecture, and interactive high-fidelity prototypes in Figma, incorporating virtual try-on and personalized clothing recommendations.

Audiva – Mood-Based AI Music App

Collaborative UX/UI case study focused on AI-powered music recommendations and mood-based personalization

- Led UX research, developing user personas and intuitive user flows to improve mood-based music discovery.
- Created low- and high-fidelity wireframes and conducted usability testing using Maze to evaluate navigation and refine the user experience.

National Geographic Kids – Website Redesign

IA evaluation and visual interface adaptation for younger audiences

- Restaged information architecture to enhance cognitive readability, hierarchy, and child engagement.
- Simplified global navigation flows to deliver age-appropriate, immersive discoverability.

TalentConnect Platform

Enterprise talent management system design

- Developed end-to-end B2B interface solutions with robust component libraries for administrative enterprise needs.

City Farmers Nursery – Brand Identity & UX Redesign

Visual identity redesign and responsive UX/UI design for web and mobile platforms

- Overhauled complete visual systems through custom logo design, strategic typography, and cohesive digital assets to scale regional brand recognition.

EXPERIENCE

UI/UX Design & Digital Marketing Intern *Aug 2026 – Present*

Core Software Technologies Inc.

- Create social media graphics, carousel posts, promotional materials, and digital content for EvaSpeaks AI and MeritHyre AI marketing campaigns.
- Research and develop blog articles focused on AI products, industry trends, and relevant business challenges.
- Support B2B lead generation and LinkedIn outreach by researching prospects, identifying decision-makers, and promoting webinars.
- Conduct SEO and backlink research, identifying directories and submission opportunities to strengthen online visibility.
- Collaborate on campaign planning and content strategy, translating marketing goals into clear visual and written communication.

UI/UX Design Learning Experience *Jun 2025 – Nov 2025*

GUVI x HCL

- Designed end-to-end UI for 4 product case studies (fitness, education, grocery, talent management) from user research through high-fidelity interactive Figma prototypes.
- Developed detailed user personas, journey maps, and information architecture grounded in primary research and human-centered design principles.
- Built responsive, reusable UI component libraries and cohesive atomic design systems defining standards for color, typography, grid, and UI states.
- Leveraged Generative AI tools (Claude.ai, ChatGPT) within agile workflows to accelerate design sprint ideation and visual conceptualization.

Photography & Graphic Design Intern *Feb 2025 – May 2025*

Moss Amigos

- Art-directed and captured studio-level e-commerce product photography for seasonal marketing campaigns (St. Patrick's Day, Easter, Mother's Day), delivering cohesive visual branding.
- Produced and edited commercial-style promotional video assets for social media and e-commerce storefronts, maintaining consistent brand storytelling.
- Transformed corporate marketing briefs into production-ready digital and web assets across cross-functional teams.

Graphic Designer – Website Development *Mar 2025 – May 2025*

Novarus Technologies

- Designed professional collateral and display advertisements for global public health and environmental sustainability initiatives using Adobe Photoshop and Canva.
- Partnered with marketing leaders to develop multimedia campaigns advocating for clean air and safe water access solutions.

Graphic Design Intern *Jun 2020 – Oct 2022*

Volunteer Project

- Delivered end-to-end visual identities, cross-device webpages, marketing brochures, and vector logos for enterprise healthcare B2B/B2C clients.
- Monitored and improved website landing page performance using Google Analytics and targeted SEO strategies.
- Managed day-to-day social media assets, content schedules, and brand collateral using Adobe Photoshop, Illustrator, and WordPress.

CERTIFICATIONS

- Google UX Design Professional Certificate – Google / Coursera (Expected June 2026)
- UI/UX Design Certification – GUVI x HCL (November 2025)

- HTML & CSS Essentials Foundation Certificate – Certificate of Completion
- Adobe Photoshop & Illustrator – Technical Certificate of Completion (ICL) and GUVI HCL Certification
- Photography & Graphic Design Internship Certificate – Moss Amigos
